Dear Chris,

I would like to thank you personally for your involvement in Frontline's support of the 2010 John Holland Charity Ball.

Your continued support in facilitating Frontline to donate alcohol and chocolates valued at approximately \$20,000 greatly contributed to the overall success of the evening. Additionally, your support to the Sponsor's Night on board HMAS Diamantina through the provision of alcohol is also appreciated. The Ball was crucially able to raise a total of \$88,000 for legacy which can largely be attributed to the generosity of the 829 guests in attendance. Importantly we once again achieved our mission which was "to provide a social connection between South East Queensland's Defence and corporate worlds and to raise awareness of worthy Queensland community organisations". This is an important activity in the Australian Defence Force's social calendar, for which Brisbane Legacy also thanks you.

Together with Legacy I look forward very much to working with you in 2011.

Regards,
